EDUCATION

◎ BACHELOR DEGREE

National Polytechnic University of
Armenia, Yerevan

Learning Information Security.

Synopsys Armenia Educational
Department, Yerevan

Learning Electronic Design Automation,
Computer science.

PROFILE

Experienced in building user-friendly and responsive web applications. Proficient in React and Next.js, with additional experience in developing backend applications (Express.js), mobile applications (React Native), and desktop applications (Electron.js). Skilled in vanilla JavaScript and have contributed to projects using C++, Python, and Rust. Experienced in working on a variety of Web3 projects. Demonstrates flexibility in adapting to unfamiliar technologies and tools, with a proven ability to solve diverse problems. Possesses strong teamwork, communication, and problem-solving skills, backed by over 2 years of combined professional experience.

EXPERIENCE

◎ FRONTEND DEVELOPER | JUN. 2024 - OCT. 2024

OPTIMUM-PARTNERS - YEREVAN ARMENIA (ON SITE)

Contributed to the development of a web application, demonstrating proficiency in front-end development using technologies like React, NextJS, pure JavaScript, and Pug.

◎ SOFTWARE ENGINEER | APR. 2023 - JUN. 2024

SOLICY - YEREVAN ARMENIA (ON SITE)

Specialized in developing web applications with a focus on ReactJS and NextJS. Utilized React Native and Expo for mobile projects, and ExpressJS for backend development. Managed databases using SQL, MongoDB, and PostgreSQL. Demonstrated versatility by working both collaboratively in teams and independently.

◎ FULL-STACK DEVELOPER | MAY. 2022 - SEP. 2022

MEGAFON - MOSCOW RUSSIA (REMOTE)

As a Full Stack Developer, I specialize in building web applications using TypeScript, ReactJS, and Node.js.
